

FallCon's prime focus is providing you an unique opportunity to experience a wide range of organized, well executed and "moderated" events.

We recognize that there exists an abundance of games in the market-place but in keeping with what makes us unique, we narrow the selection to those titles that are:

- recognized as best in class
- highly playable with interesting themes
- fun, challenging and social
- something that we (the organizers) would want to play ourselves

The variety ranges from; "out of print" classics to the "latest and greatest" boardgames and miniature systems. There is something for everyone, young, old and all those in-between.

Our secondary focus is creating a friendly and inviting convention. You can expect this of us, our moderators (many who we game with) and our volunteers. Whether you are new to the hobby or a longtime gaming enthusiast, we welcome you to join us, learn some new games, have a laugh and meet new people that you can "game" with throughout the year.

Visit our website (right there at the bottom) to find out how you can join the fun.

www.fallcon.com

FallCon is a boardgame and miniatures convention.

A product of a core group of gaming friends who share a common interest for the hobby of gaming.

The result of this focus is our annual convention which celebrates its 23rd year in the city of Calgary.

"Hey Steve, what are you doing this Friday? I'm planning to have a few people over to play some games. Are you interested in joining us?"

We have been successful expanding on this simple philosophy and extend the invitation to you. Come and play some of the industry's best boardgames and miniatures systems.

Simply put, FallCon is all about people who enjoy playing games.

Come join us!

Location

The Calgary Marlborough
Community Centre
636 Marlborough Way NE.
Calgary, AB
